

Welcome to Niagara-on-the-Lake Wine Country!

Our member wineries are located in Niagara-on-the-Lake, bordered by the Niagara Escarpment, the Niagara River and Lake Ontario. We are a close-knit neighbourhood of wineries with vineyards located in a specialty crop area identified as ideal for premium wine growing. Our 100% VQA wines are produced in the heart of wine country and many are only available for tasting and purchase at our cellar doors. Start planning your wine tour today, an exceptional wine experience awaits you in Niagara-on-the-Lake!

SIP THROUGH OUR NEIGHBOURHOOD YEAR-ROUND

Visit our website at wineriesofniagaraonthelake.com to purchase our Winemakers' Selections Tasting Pass, for listings of winery events, downloadable touring itineraries and Plan Your Getaway tools. In addition to hundreds of events taking place at individual wineries, the Wineries of Niagara-on-the-Lake present a series of Signature Events.

EVENTS:

- January - Niagara-on-the-Lake Icewine Festival
- February - Days of Wine & Chocolate

OVER TWENTY DISTINCTIVE WINERIES.
One unforgettable place.

About Our Wine Region

Niagara-on-the-Lake is not only an amazing place to visit but also home to some of the oldest and most established premium wine producing vineyards in Canada. It has also been identified and recognized internationally as a distinct place for grape growing.

The Niagara-on-the-Lake 'Appellation' designation is derived from the special climatic conditions that we are renowned for and which also make us unique from all other grape growing regions in the world. The distinct character, known as the 'terroir' of our wines, is a result of the soils, winds and sun and can only be found in wines grown in Niagara-on-the-Lake.

NL **Niagara Lakeshore Vineyards** receive abundant sunlight and temperatures are moderated by lake breezes. Sandy soils provide good drainage and the grapes produce full-bodied, flavourful wines.

SB **St. David's Bench** This area, carved by glaciers to form a natural bench below the Escarpment, has natural frost protection. Vineyards are planted on gentle slopes for good drainage in the rich clay soils.

FM **Four Mile Creek** The largest of the four sub-appellations, the area lies below the Escarpment stretching into a fertile plain. Red shale soils contain silt and clay and are optimal for growing many varietals.

NR **Niagara River** The Niagara Parkway winds along this narrow band bordering the Niagara River. Vines dig deep into the sandy soils and air currents moderate temperatures.
